Everything you don t know about canine reproduction Canine Reproduction and Whelping brings together information that will be invaluable to today s dog breeders because it helps to fill in the gaps in knowledge of even the most experienced breeder. Learn how facts about human reproduction, conception and birth get unknowingly mixed up with the very different canine side of things. Then learn how to use this information to have more successful breedings and healthier pups. Author Myra Harris combines her years of experience as a labor and delivery nurse with her passion for breeding dogs to give you practical and unusual information. Easy to understand and fun to read. You will learn: How to prepare your young stud dog for breeding. How to tell when the bitch is ready to be bred. How truly fragile sperm is and how to ensure their health and survival. When Artificial Insemination is preferred, how to collect sperm, and how to inseminate. About unseen causes for unsuccessful breedings-bacteria, viruses, yeast. About the role of progesterone in breeding success and how to use it to succeed. About easy, normal whelpings contrasted with nightmare whelping experiences. C-sections made understandable and how to handle aftercare of the bitch. How to remove dewclaws with the least trauma to mom and pups.
