

Teaching Secondary Mathematics with Access Code: Techniques and Enrichment Units

By Dr Alfred S Posamentier, Beverly S Smith

Pearson, United States, 2014. Loose-leaf. Book Condition: New. 9th. 274 x 211 mm. Language: English . Brand New Book. This title is only available as a loose-leaf version with Pearson eText. Teaching Secondary Mathematics, 9/e combines methods of teaching mathematics, including all aspects and responsibilities of the job, with a collection of enrichment units appropriate for the entire secondary school curriculum spectrum to give teachers alternatives for making professional judgments about their teaching performance and ensuring effective learning. The book is divided into two parts designed to ensure effective teaching and learning: Part I includes a focus on the job of teaching mathematics and Part II includes enrichment activities appropriate for the entire secondary school curriculum. Both the Common Core State Standards and The National Council of teachers of Mathematics Principles and Standards for School Mathematics are referred to throughout the book. The new Ninth Edition features an alignment with the Common Core State Standards (CCSS), with special focus on the mathematical practices, an updated technology chapter that shows how current tools and software can be used for teaching mathematics, and an updated chapter on assessment showing how to provide targeted feedback to advance the learning of every student. 0133783677...
