The former added the sheets twice in succession ten times, and added the sheets preceded by the syllables ten times. The latter did this but five times. The following table gives the results. The work was done at the same hour each day in the case of both subjects. It is seen by this table that the number of seconds for adding the sheets the second time, when the adding was immediately repeated, was considerably greater than for adding the first time; and that the time for adding the sheets after the syllables had been. learned was less than that for adding the first time by an even greater difference. There is no exception to this rule. Another subject (Lr.) was started upon the same experiment and showed the same features in his result, but, as...
